On booking with us, you are required to read and sign our contract. Once the contract has been signed, we then require a 50% deposit to be paid to secure your booking and date. The final payment can be made up to one month before the event and you are more than welcome to split the cost into several monthly payments up to one month before the event date. For example, if your total receipt came to £3000.00 for an event 12 months from today, we ask for a £1500.00 deposit and then you can either pay the remainder £1500.00 on the month before your event (11 months time) or pay £137.00 over the next 11 months interest free.

FAQ'S

OUR SERVICES EXPLAINED

Photography

Are there any restrictions on drone photography?

Unfortunately we are not able to fly drones everywhere and anywhere in the United Kingdom. If the event is within 6 miles of airports, military bases or heavily public spaces (i.e central london) then we will not be able to provide drone photography. However, this is not say it is impossible to organise. A pre wedding shoot day could allow for a couple to have some drone photography in a place more suited to flying.

Are all my photos edited?

Yes absolutely. What makes us unique is our ability to individually edit ALL your photographs without any extra charge.

What happens if I lose my web transfer link when the photos are delivered?

If you lose this, simply send us an email to resend the link. We will check this against the original email we sent. This may take up to 7 working days to resend.

Who creates the photo album; can I assist in the designing of the photo album?

Yes certainly. We offer two options. You can either leave the design entirely on us or upon receiving your photos, you can assign your favourite 100 photos to be placed and ordered in the album. Option two will mean your photo album will take a little longer to produce. We advise an extra 3 weeks waiting time for your photo album.

How long does it take for my photos to be returned to me?

All events are different and will produce different numbers of different types of photographs. For a typical 10 hour day package we advise approx. a 4 week waiting time and for a 30 hour service we advise approx. 6/7 weeks.

How many photos will I receive?

This is entirely dependant on the type of service, the size of the event, and hours you book us for. As a very rough guide, we aim to deliver, for a full 10 hour day, anywhere between 300 to 1000 edited photos if not more! We understand that is a very broad range, however every event is so unique that it is very difficult to predict!

FAQ'S

OUR SERVICES EXPLAINED

Photography

Can we see snippets of the photos before they are all released?

Of course! We tease a few of the amazing shots from the day to you and your then give you notice of when the final set of photos will be delivered.

Can we have the unedited photos as well?

Unfortunately, it is company policy to not give out any unedited work as it under-represents our brand, image and values. We want our clients to have only our finished work.

Another photography company did my wedding, but I didn't like their editing; can you re-edit the photos?

We do not edit or manipulate anyone else's work. We always suggest looking over a photographers portfolio before choosing them. Pay particular attention to their indoor shots as this the most difficult place to take photos and you'll be suprised how different indoor shots are compared to outdoor photos. As a rule of thumb, if anyone refuses to show their indoor photography, you're better of walking away.

FAQ'S

OUR SERVICES EXPLAINED

Make Up Artists

What is the different between the Daytime and Full Glam look?

The main difference will be between the base. A Daytime look will have a dewy base while the Full Glam will be typically more matte, although this is also about personal preference and can be discussed beforehand. A daytime look will also have less intense eye makeup and will be similar to a soft glam look.

Can I bring my own makeup for the MUA to use?

You know your skin type and what suits your skin a lot better than anyone else so if you have a particular preference for a product or have been colour matched to a foundation that you'd prefer then we're happy for you to do so. However, some products do cause flashback in pictures and sometimes we have found clients own makeup has not been colour matched properly so in that instance we can tell you if we would recommend our own products instead.

Will the MUA accompany me for both the morning events and the reception in the evening if booked for the full day?

Absolutely! The MUA will be there for the entire day and will be happy to accommodate for changes in your makeup look between the morning and evening.

Is there a trial available?

Yes certainly. We offer a trial session with our MUA who can walk you through looks, and help ascertain your particular style and develop your look for your big day. This service is £35.00 and will last between 30-45 minutes.

Should I tell my MUA about any allergies or skin conditions?

Yes please do. Again, you know your skin better than we do and we would like to hear about which products do and don't work for you. If you have sensitive skin or specific skin conditions then please let us know. This applies to bridesmaids and relatives too.

I have 5 bridesmaids. Can they all have their makeup on the morning of the Wedding?

It really does depend on what kind of look you are after for the bridesmaid and how early everyone needs to be ready. If you are unsure, feel free to get in touch with us and we can organise if necessary a second or third MUA for your bridesmaids or relatives.

FAQ'S

OUR SERVICES EXPLAINED

Live Music

Does the Band provide their own equipment?

Yes. The band provides all musical equipment including microphones. The band also provides their own PA system in case the venue cannot provide one or does not have one on site.

Can I request songs to the band before my event?

Yes of course. You must let the band know of your request at least 2 weeks before the event so they can place this into their set list. Song requests on the day of the event would be a little more difficult as the band would have had no time to prepare this, however if it is a relatively popular song, they may still be able to accomodate your requests.

Can I hire only a portion of the band?

Yes you can. If for example, you only wanted a singer and guitar player this can be organised at a rate of £130.00 per hour per musician/singer

My family member is a singer/musician - can they sing/play with the band?

Unfortunately we do not allow guests to perform with the band. Only the band is insured to operate our equipment and as such we would not want any our your guests to be held accountable for any damages that may be incurred whilst performing with the band.

What will the band wear?

Typically the band would be dressed in smart matching suits, usually in blue. For less formal occasions, the band dresses usually in black t-shirts and black jeans. If you request the band to be dressed in tuxedos or a specific colour choice then let us know and we can organise this for you. Please note there could be extra cost's for outfits.

What musicians are in the band?

The band comprises of a singer, an acoustic/electric guitar player, a bass player, a drummer and a percussionist. The band focuses on an acoustic vibe incorporating pop, jazz and R&B

FAQ'S

OUR SERVICES EXPLAINED

Dhol Players

Can I request songs for the DJ set?

You can request songs to us, however we may not be able to incooperate them into the DJ set as this is a premade set list and once created it is very difficult to alter. If you let us know at the time of booking we may be able to accomodate this request.

My Family/Friend plays Dhol - can they join in with the celebrations?

If they do, then let us know immediately and we can send what we will play play for the Groom Arrival and Entrance. They can play behind our Dhol players. We don't advise this though because if your friend or family member forgets to play or gets 'stage fright' the sounds will clash and it will sound very bad. We wish not to dampen your families/friends enthusiam for the Dhol and the wedding but it has a high potential to spoil the occasion. For this reason, we emphasise the difference between a professional Dhol player and casual Dhol player.

What Will the Dhol Players wear?

Usually a Dhol player wears traditional indian suits or traditional english suits. This enitrely depends on your preference but we will ask this to you at the time of booking.

I have diabetic members of family - is this an issue?

Can I sample the Wedding Favours beforehand?

You certainly can. Please email us your request for samples and we will send this out to - either in person or through tracked delivery.
